

Advance Micro Credential Application Process & Timeline

The Advanced Micro-Credential (ADMC) will be made available to 24 candidates from Cohort I of Project I⁴. Participants who are selected be admitted to the ECU Department of Education EdD (education doctorate) and will earn 21 additional credits (EdD is a 60 credit degree). All EdD student dissertations must be focused on the Project I⁴ work. Below is the timeline for application for the ADMC.

November
Webinar to provide more information about the ADMC and the application process
End of January
Applications for ADMC will be due at the end of January, 2020. You will be applying for admission to the ECU Graduate School EdD program.
March
Interview of candidates
April 1
Decision will be made and candidates will be notified shortly after the first of April: candidates not selected for the ADMC may apply to the ECU on-campus EdD program (not grant funded).

An important part of the application process will be your Project I⁴ reflections and work with your EC-NICs (specifically coaches).

ADMC Scope and Sequence

Micro-credential (79 participants)

Summer 2019	Fall 2019	Spring 2020
3 cr.	3 cr.	3 cr.

APPLICATION FOR AMC (Advanced Micro-credential)

Advanced Micro-credential (24 participants)*

Summer 2020	Fall 2020	Spring 2021	Summer 2021
6 cr.	6 cr.	6 cr.	3 cr.

Complete EdD (*Possible Funding, 24 participants*)**

Fall 2021	Spring 2022	Summer 2022	Fall 2022	Spring 2023
6 cr.	6 cr.	6 cr.	6 cr.	6 cr.

* Each semester, students take two courses: **content course** and **design course** (which is the course devoted to the embedded dissertation).

By summer 2021 you will have 30 credits and you will need to take an additional 30 credits to complete your EdD. There will be an option to complete the EdD with the on-campus program OR if Project I⁴ receives years 4 & 5 funding, we may be able to fund at least a portion of the remaining 30 credits. **Note: NC residents will pay in-state tuition rates (approx. \$250/cr.) while non-residents will pay an out-of-state rate (\$670/cr.)
